

# Desire, Starvation

Nathan Dann

Animal instincts  
longing  
desire

That I so long repressed  
contained by distraction  
buried under a lie

Cowardice  
most hideous of vices  
Mother of regret  
my master

Rebellion  
Release  
Alignment  
Hope

Bottled-up passion  
brought to a head  
seething  
foaming at the mouth

*Starvation*  
How long can this go on?
